

SUMIT M. AGARWAL

DATA ANALYST | IT & BUSINESS OPERATIONS PROFESSIONAL

+91 7666911191 | sumitmukeshagarwal@gmail.com | Bhiwandi, Maharashtra | Passport: Available

PROFESSIONAL SUMMARY

IT & Business Operations professional with 14+ years of experience and hands-on Data Analytics exposure, now seeking to build a dedicated career in Data Analytics. Practical experience with Advanced Excel, SQL, Power BI, data cleaning, business reporting and revenue/operational analysis, combined with extensive IT support, training, client handling and team coordination experience. Experienced in AI-assisted application development, database integration and end-to-end web deployment.

CAREER OBJECTIVE

Seeking Junior to Mid-level opportunities in Data Analyst, Business Data Analyst, Reporting Analyst, MIS/Data Analyst, BI Analyst or Operations Data Analyst roles. Open to IT, banking and other corporate industries, with flexibility for on-site, hybrid, remote and international opportunities.

PROFESSIONAL EXPERIENCE

XPERT-IT TSS / XPERT INFOTECH | May 2023 – Present | Bhiwandi, Maharashtra

Manager – IT Operations & Technical Training | Jan 2026 – Present

- Manage day-to-day sales, service and branch operations, reporting directly to the owner.
- Coordinate a branch team of 10 employees and a field workforce of approximately 15–20 technicians on wages.
- Manage the end-to-end sales cycle: client enquiry, requirement understanding, recommendation, quotation, negotiation, order coordination, delivery/service and follow-up.
- Coordinate computer, CCTV, networking, AMC, training and website/software service activities, including procurement and vendor coordination.
- Allocate incidents/jobs, set priorities, monitor status and follow up on SLA deadlines using a custom Excel-based service dashboard.
- Handle client communication, urgent service issues, inventory, routine operational decisions and management reporting.

Senior Technical Trainer | Dec 2024 – Dec 2025

- Delivered technical training while supporting service operations, client requirements and technical coordination.
- Supported computer/CCTV clients and coordinated field service activities.
- Contributed to data-driven business analysis and reporting using Excel, SQL and Power BI.

Trainer | May 2023 – Nov 2024

- Delivered IT and computer training across fundamentals, Office applications, hardware/networking and related technologies.
- Supported technical service activities and client requirements as part of the branch team.

NAV BHARAT EDUCATION SOCIETY | Mar 2017 – Apr 2023 | Maharashtra

IT Trainer & Backend Support | Mar 2017 – Apr 2023

- Delivered IT training and supported admission processes and backend data handling.
- Used Excel for data management, reporting and operational records.
- Built foundational knowledge in web development and coding while continuing professional IT training responsibilities.

RAMBHAU MHALGI PRABHODHINI TRAINING CENTRE | Dec 2015 – Feb 2017 | Kalyan, Maharashtra

Trainer | Dec 2015 – Feb 2017

- Taught Excel, Tally, hardware/networking and computer fundamentals.
- Managed computer labs and supported day-to-day lab operations.
- Handled student counselling, admissions, administration, reporting and technical support.

FREELANCE IT TRAINING | Sep 2015 – Nov 2015 | Multiple institutes

Freelance Trainer | Sep 2015 – Nov 2015

- Delivered freelance computer/IT training assignments for multiple institutes.

QUIK INSTITUTE | Jan 2013 – Aug 2015 | Maharashtra

Senior Technical Trainer | Jan 2014 – Aug 2015

- Delivered advanced technical training and later taught CEH syllabus after completing CEH certification in March 2013.

Computer Trainer | Jan 2013 – Dec 2013

- Delivered computer training and practical technical instruction.

BIG BYTE CORP. (BBC) — NOW TAG COMPUTERS | Jun 2012 – Dec 2012 | Maharashtra

Sales & Marketing | Jun 2012 – Dec 2012

- Handled sales and marketing of computer peripherals.

DATA ANALYTICS PROJECTS

Hospital Revenue Analytics — Team Project | SQL + Power BI

- Contributed to consolidating hospital departmental data using SQL and building a Power BI dashboard to show total revenue and department-wise revenue for easier management understanding.

XPERT Institute Business Analytics — Team Project | SQL + Power BI

- Contributed to analysis of repeat enquiries, identification of students/customers with repeated enquiries, course-wise sales/revenue, expenses and overall revenue, using SQL and Power BI.

WEB & AI PROJECTS

XPERT AI LIFE — Personal Web Application | Supabase + GitHub + Vercel

- Developed an AI-assisted daily expense tracking web application with user account creation, Supabase data storage/backend integration, GitHub source management and Vercel deployment.

XPERT KIRANA — Learning Project | AI-assisted development + Vercel

- Built as a learning/personal project to gain practical experience in AI-assisted application development and deployment; deployed through Vercel without a database/backend.

5+ Portfolio & Service Websites | AI-assisted development

- Built and deployed a mix of personal/learning and client/business websites using AI-assisted workflows, GitHub and Vercel.
